Today was the end of a beautiful face
charm, personality, endless grace,
"Why?" we say in antagonistic grief.
Why did it have to be so brief?
A delicate beauty, bold and rare,
charming, intelligent, kindly, sweet;
During the night her health diminished
Till at long last her life was finished.
Now she is the angel in Heaven;
She was while still living.
Probably there, too, she is still giving.
May she rest in Glory, in peace;
Her soul will pass through Heaven's door;
We shall remember you — evermore.

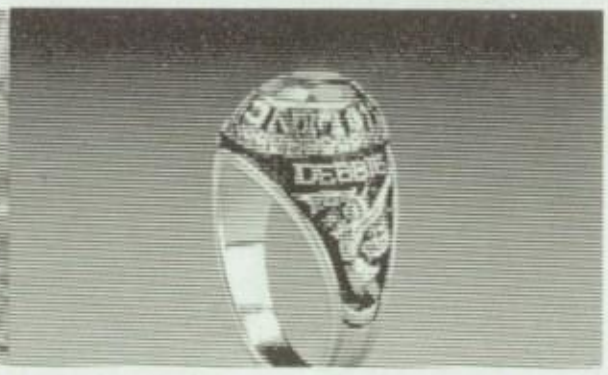
Nobody's memories are quite like yours. Nobody's class ring should be either.

When your class ring is from Balfour it can be as unique and special as you are. Because *you* choose the style, the stone, the decoration, the engraving—to express *your* interests, activities, feelings. Your own personal class ring from Balfour. No other can express who you are so exactly. Or help you recall those special times so clearly.



Balfour. *No one remembers in so many ways.*

todays...

and future expectations become realities—graduation, a job, college, a home—you assume new responsibilities.

Just as we do. Because when customers need electric service, we are obligated to provide it.

And we always knew that you and your classmates might one day be our customers. That's why we started planning for today ten years ago, so that we could provide electricity for the lifestyle you choose.

We hope we can supply electricity for all your tomorrows, too.
